SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY.

ESTABLISHED IN 1831 FOR MUTUAL LIFE ASSURANCE.

President.

HIS GRACE THE DUKE OF BUCCLEUCH AND QUEENSBERRY, K.T.

Vice-President.

SIR GRAHAM GRAHAM MONTGOMERY OF STANHOPE, BART.

THE SOCIETY has now been in existence for 67 years, and is steadily growing in popular favour, as is shown by the figures in the following table:—

Year.	Number of Policies in Force.	Existing Assurances.	Income.	Assurance Fund.
1883	14,472	£9,230,034	£370,686	£2,662,117
1888	17,249	10,477,580	401,469	2,985,261
1893	20,674	11,532,364	471,946	3,504,744
1898	24,379	12,934,395*	553,521	4,018,265

* Including the new bonuses last declared.

At the Sixteenth Division of Profits, made as at 1st March 1898, a Compound Bonus was declared at the increased rate of 28s per cent. per annum on the original sums assured, and on the previous bonus additions.

THE PREMIUMS are calculated by half-years of age.

NEW PLAN OF IMMEDIATE BONUS POLICIES.

Special attention is directed to this New Scheme, the rates under which are less than the usual Non-Profit rates. The yearly premium payable at age 30 for an Ordinary With-Profit Policy for £1,000 will assure £1,300 under this new plan, thus securing an Immediate Bonus of £300.

ANNUAL PREMIUMS to assure £100, subject to further reduction, as mentioned in Special Prospectus, if the Society's rate of Bonus exceeds 25s per cent. :—

AGE NEXT BIRTHDAY.

20	30	40	50
£1 12s.	£1 18s 8d.	£2 12 2d.	£3 15s 10d.

The sums assured under these Policies being *absolutely guaranteed*, they are particularly suitable for Marriage Settlements, &c., when it is desired to obtain the largest possible Assurance for the smallest present outlay.

ENDOWMENT ASSURANCE POLICIES issued on unusually favourable terms.

**THE GUARANTEED MINIMUM SURRENDER VALUE IS ENDORSED
ON EACH POLICY ISSUED.**

Complete and liberal Non-Forfeiture Regulations.—The Society has adopted the principle of Non-Forfeiture to its fullest extent; and there is now no possibility of a valuable policy being forfeited through an accidental omission to pay the premium.

CLAIMS are payable immediately after proof of death and title.

Loans granted in connection with Life Assurance on Life Interests, Reversions, and other approved security. Reversions purchased.

DUNDEE DIRECTORY,

1899-1900.

GENERAL NOTICE.

FOR several years in our introductory references we have had the ungracious task of touching upon various elements that had a depressing effect upon the commercial and social activities of our city. These untoward influences unfortunately held the field too long. Three years ago a change for the better took place, and everyone who takes an interest in the affairs of Dundee, be they commercial, social, or philanthropic, has this year reason to rejoice because of the state of trade, the continuous efforts for the welfare of all classes, and the inauguration and furtherance of great schemes of a benevolent and ameliorative character. Our staple trade is in full swing, and its products as marketable commodities still maintain their position. This is altogether highly satisfactory, and it is specially so when there is every indication that this prosperous state of matters is likely to be maintained for a time. Whilst the jute trade is thriving, other industries are equally busy. For the first time for many years our shipbuilding yards seem to be infused with new life, and there are an abnormal number of vessels of large tonnage on the stocks. Altogether, so far as our business prospects are concerned, we have cause for gratification.

As a natural concomitant of good trade, the city continues to extend on all sides. Probably in no former year has the hand of the improver been more in evidence. Old work has been finished off, and new work has been entered upon. Such notable buildings as the New Post Office (a sketch of which accompanies the present issue of the Directory), and the Offices for the Pearl Life Assurance Company and the Scottish Provident Institution Buildings, which enhance Meadowside so much, are finished. The premises for the Royal Bank at corner of Castle Street, to which we referred a year ago, are now so far advanced that they will be ready for occupancy in the course of a month or two.

With reference to the outward aspect of the city and its prospects, we have reason to believe that the building trades—a comprehensive term—have not been so busy for many years, and that, judging from the rapidity with which the city is spreading and the demand for buildings of all kinds, there is a certainty this activity will continue, notwithstanding the fact that there is a marked increase in the price of materials and that workmen's wages have advanced. Whilst there is every appearance that the work on hand for private and semi-private parties is great, the undertakings for behoof of the Corporation will be greater. At the present moment the Town Council are embarking upon extensive enterprises. At no former period has the history of the town been marked by a policy so progressive, and one which as time goes on will have so great a moral as well as a material effect upon the community. In all

departments of the public service a tendency to press forward is strikingly apparent. Perhaps the most prominent feature of the city's progression is the acquirement of the Tramway System from the Tramway Company, the original holders and constructors. The municipilization of the system will give an opportunity of developing routes and tapping districts which would never be touched by a private Company. The purchase was consummated through the efforts of ex-Provost Brownlee; and the city took formal possession of the whole system on June 1st of the present year. It is the intention of the Town Council to work the whole of the lines by means of overhead electricity, and with that end in view extensive accommodation is being provided for the necessary apparatus in Dudhope Crescent Road, where plant of the most approved modern type will be introduced. All the existing lines will require to be relaid, and the extension will include Blackness Road, Seagate, Blackcroft, Ferry Road, Murraygate, King Street, Princes Street, Albert Street, and Morgan Hospital, with the ultimate object on the Ferry Road route to extend to the boundaries at Craigie, and on Morgan route to form a junction with a projected system on Clepington Road. The Council have also under consideration the advisability of constructing a cable route up Constitution Road and thence through the Hospital grounds to the north; or alternately an electrical system along Dudhope Street by the Infirmary grounds, and from the latter point by Constitution Street. As there was much difference of opinion as to which of these routes and systems is the best, an expert was called in, who, after considering the matter carefully, indicated that he would give a preference to electric haulage in the northern parts of the district, but, at the same time, he did not see any objection to the cable system being adopted. The opening up of these districts, either by cable or electricity, is now only a question of time. On the Lochee and east end routes it is proposed to run the cars under present arrangements until the plant becomes so worn that it will require to be replaced by lighter cars and modern methods of propulsion. The management of the tramways by the Corporation, while it may be popular, will require delicate handling; but of the ultimate benefit and profit to the community at large there can be no reasonable doubt.

For many years the want of a properly equipped Fire Brigade and Central Station has been sorely felt. To remedy this deficiency new premises are to be erected on the present site, and facilities are to be introduced for the prompt despatch of the brigade on the outbreak of fire. Since the opening of King's Cross Hospital for the treatment of infectious diseases, every year has shown that greater advantage is being taken of its resources. Owing to this fact, it has for some time been found inadequate, because of limited ward accommodation, to meet the demands upon it. The Corporation have therefore resolved to complete the Hospital according to its original design. When this is done its provision will be fully more than doubled. Close on £24,000 have already been expended on the Hospital, and the additions will amount to at least another £14,000. Another scheme of large dimensions is under way—namely, the virtual reconstruction

of our Gas Works. This important portion of our municipal economy has been allowed to get out of date; and as the consumpt of gas, notwithstanding the great development of electric lighting, has been greatly on the increase, it has been resolved to modernize the works.

It has long been found that the ground at Fairmuir is utterly inadequate to accommodate those who resort to it for the purposes of sport. Through the agency of Lord Provost M'Grady negotiations are going on for the extension of the ground northwards, and in all likelihood an agreement will be made with Sir Reginald Ogilvy, the adjoining proprietor, whereby the Fairmuir will be enlarged to the extent of close on five acres. Other matters are also receiving attention, and the further widening of St Andrew's Street is not being overlooked. The propriety of improving Gellatly Street is also under consideration, and in the course of a few months definite steps will be taken to have the unsightly erections on the east side removed. In Ward Road the Salvation Army are to construct a Women's Social Institution, the old Industrial Schools having recently been purchased for that purpose.

Since the removal of the Post Office to the new premises, the proprietors of the *Dundee Courier*, who have acquired the old site, are making preparations for the erection of a set of splendid buildings for all departments of their newspaper business. No better stance could be obtained, as the new offices will be situated in not only the most central but at the same time one of the busiest parts of the city. The style of the buildings will be in keeping with, if not superior to, those in the neighbourhood. Though the work is going actively forward, a considerable time must elapse before it is brought to a termination. The *Dundee Advertiser* proprietors have also been adding largely to their premises, extensive additions having lately been made to provide accommodation for certain branches of newspaper work.

The present generation is not content with the Esplanade as it is now formed. The curvature, it seems, jars upon their sense of good taste. It has therefore been decided to run the boundary wall in a straight line till it reaches a point opposite Ninewells. The completion of the western terminus of the Esplanade will soon be carried out. It is proposed to erect a bridge west of Cidhmore grounds to connect the Esplanade with a roadway running along the north embankment of the railway, from which a beautiful view of the river scenery will be obtained. Negotiations are going on with the Caledonian Railway Company for the doubling of their lines at Magdalen Green, and as soon as these negotiations are completed the finishing of the Esplanade will be gone on with. The Seabraes question, which has been before the public so long, is about to terminate in a manner likely to give satisfaction to all interested. Schemes of minor importance are also on hand, such as the extension of the Public Slaughter Houses; the erection of Branch Baths and Wash-houses; Gymnasias at Lochee Park and Clepington; the widening of Blackness Road and Seagate at their most congested parts; and the new Bathing Pond at Magdalen Green. The carrying out of these various undertakings, including the Tramways, will involve a large outlay, and it is estimated that at least £300,000 will be expended upon them. A Bill

asking powers for street improvements, for the construction of Tramways, and for the extension of the Burgh boundaries east and west is before Parliament. The clauses dealing with the extensions were thrown out, but otherwise the Bill will be passed as an unopposed measure. The proposed extensions were the cause of much opposition and irritation on the part of interested bodies and the representatives of the city. In the course of the year other schemes, public and philanthropic, will be forwarded. The Hospital for Incurables at Balgay is in active progress, and a Sanatorium for the treatment of Consumptives, the munificent gift of Ex-Provost Moncur, will be gone on with. These schemes, as the outcome of private munificence, are gratifying tributes to the kind-hearted generosity of many influential individuals connected with the city.

The completion and arrival in the city of the Queen's Statue falls to be noted. Through the death of Mr Bates, the sculptor, unexpected delay occurred. A site for the Statue has been secured at the North Entrance of Albert Institute grounds, and intimation has been made that it will be unveiled by the Duke of Connaught in October. His Royal Highness will afterwards open the Hospital for Incurables. Both ceremonies are likely to be of an imposing character. An important social function took place in Dundee on 28th December last, when the freedom of the city was conferred upon Lord Lothian and Lord Balfour in recognition of the services they had rendered the city municipally and educationally.

The prosperity which has so marked our city during the year has been equally apparent in the smaller burghs in the vicinity. Broughty Ferry is rapidly extending, and in addition to numerous tenemental buildings, handsome villas and mansions are being erected. Monifieth and Carnoustie are progressing in a similar manner, and even the quiet village of Barry is gradually throwing off its old-fashioned appearance and putting on a new one. Newport and Tayport, particularly the latter, are surging ahead; and Wormit, the latest offshoot from the parent city, is rapidly extending on all sides. Downfield is increasing so much in population that its incorporation within the burgh must soon be seriously considered.

The obituary of the year is marked by the passing away of many notable and useful citizens—men who in several ways were either distinguished for their philanthropy or commercial enterprise. Conspicuous among these are Colonel Frank Stewart Sandeman, one of the most noted men in Forfarshire and Perthshire, who for a very lengthened period was the bulwark of the Volunteer movement in these districts; Mr William Lindsay, one of the founders of the well-known firm of Lindsay & Low; Mr George Ure, merchant, and a famed pigeon fancier; Mr George Addison Cox (of the firm of Messrs Cox Brothers, Limited); Mr David Myles, accountant; Mr G. H. Nicoll, ironmonger; Mr J. P. Smith, tailor and clothier, one of the best known men in the city, and an enthusiastic advocate of Temperance reform; Mrs Blyth-Martin, Newport, a lady whose benefactions were numerous; and others of similar note.

NEWSPAPERS.

The prepaid postage on every registered inland newspaper is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be.

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper. Unregistered, a newspaper is liable to the book rate of postage.

α. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.

The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page.

- d. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets put together at some one part of the newspaper whether gummed or stitched up with the newspaper or not; or it must consist wholly or in part of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page, except that any page, sheet, or side on which engravings or lithographs, illustrative of articles in the paper, appear, need not be dated.

A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy examination, and so that the title may be readily inspected. The cover must not bear anything besides the title of the newspaper, the name and address of the sender and of the addressee, a reference to any page of or place in the newspaper to which the attention of the addressee is directed, and a request for return in case of non-delivery.

A newspaper or packet of newspapers must not contain any unregistered publication or any enclosure of any kind, except the supplements relative to such newspapers.

A packet of newspapers must not weigh above 5 lbs., or exceed two feet in length, one foot in width, or one in depth.

In the above definition expressions referring to print or printing shall be taken to refer to any species of typeprinting easy to recognize, and to include lithography, handstamping, or any mechanical process. Circulars printed or lithographed in characters resembling those of the type-writer, or produced from type-written originals, may only be sent by Book Post provided that they are handed in at the counter of the Post Office, and that at least 20 copies precisely identical are posted at the same time.

Book packets should be posted either without covers (in which case they must not be fastened in any way), or in unfastened envelopes, or in covers which can be easily removed for the purposes of examination. If anything is written or printed on the inside of the covers, the covers must be left unfastened. A book packet may, however, be tied at the ends with string.

In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From———of———."

A book-packet must not exceed 2 feet in length or 1 foot in width or depth.

Embossed Envelopes, bearing a halfpenny stamp, are sold at the following rates:—"Commercial" size, 10 for 5½d; "Foolscap" size, 10 for 6d.

Applications for allowance on spoilt, or unused, postage stamps, embossed envelopes, post-cards, or newspaper wrappers, which have not passed through the post, should be made at the Stamp Office.

POST OFFICE SAVINGS BANK.

Deposits of one shilling, or of any number of shillings, may be made by any person at the Post Office Savings Banks to the extent of £50 in one year ending 31st December, and £200 in all, including interest.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

POST CARDS.

Official Post Cards, impressed with a halfpenny stamp, and official reply Post Cards impressed with a halfpenny stamp on each portion of them, may be transmitted between places in the United Kingdom with letters printed or written upon the back.

Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, and a gummed label (not to exceed 2 inches long and $\frac{3}{4}$ of an inch broad) bearing the address at which the card is to be delivered; nor may the card be folded, cut, or altered in such a way as to reduce the size below $3\frac{1}{4}$ by $2\frac{1}{4}$ inches.

A Private Card becomes a Post Card when it has a halfpenny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the official Post Card. The maximum size must correspond as nearly as may be to the size of the Inland Official Card, and the minimum size must not be less than $3\frac{1}{4}$ by $2\frac{1}{4}$ inches. The rules in the preceding paragraph also apply to Private Cards.

Nothing may be written or printed on the address-side of a Post Card (or any postal packet) which, either by tending to prevent the quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Officers of the Department.

Inland Post Cards are sold at the following rates:—

Stout Cards 10 for 6d, or 5s per parcel of 100.

Thin Cards 10 for $5\frac{1}{2}$ d, or 11s per parcel of 240.

Reply Stout Cards 10 for 1s, or 5s per parcel of 50.

Reply Thin Cards 10 for 11d, or 11s per parcel of 120.

EXPRESS DELIVERY OF LETTERS AND PARCELS.

Letters and Parcels are accepted at the Head Post Office for immediate despatch to any part of the Town or Rural District. They must be handed in over the counter at the Head Post Office, and the words "Express Delivery" must be written above the address by the sender.

The Express fee for a letter or packet not exceeding 1 lb. in weight is:— For every mile or part of a mile, 3d. For a letter or parcel over 1 lb. in weight the Express fee is:—For every mile or part of a mile, 3d; and for every lb. or part of a lb. beyond the first lb., 1d. Limit of weight, 15 lbs., unless a cab is provided at the cost of the sender.

If the distance exceeds two miles, and a public conveyance is not available, or if the parcel exceeds 20 lbs. in weight (or 15 lbs. if a public conveyance is not available), the cost of a special conveyance must be paid. If the sender does not wish to pay for a special conveyance, any parcel, not exceeding 5 lbs. in weight, may be delivered by foot messenger up to a distance of 3 miles. The fee in this case is 3d per mile in addition to the weight charge, if any.

On the delivery of a letter or parcel, the messenger may take a reply or perform a further delivery service, provided that a second fee be paid. When a reply or further service is required by the sender, the words "Wait Reply" or "Further Service" must be written above the address. When a letter or parcel is taken on a return or further service to an address on the messengers' homeward route, or within half a mile of the Post Office from which the messenger started, half only of the mileage rate is charged.

Letters intended for Express Delivery from the Post Office of destination, may be posted like ordinary letters, but they must be marked "Express Delivery," and have a thick perpendicular line drawn on each side of the envelope. In addition to the ordinary postage, the Express fee (prepaid by postage stamps affixed to the letter) is 3d for every mile from Office of Delivery (the weight charge of 1d per lb. does not apply in this case). If

the sender desires that a special conveyance be used, or if the distance exceeds 2 miles and a public conveyance is not available, the cost of a special conveyance must be paid. Any Express packet, letter, or parcel, not exceeding 5 lbs. in weight, may, if the sender does not wish to pay for a special conveyance, be delivered by foot-messenger up to a distance of 3 miles, at a charge of 3d per mile in addition to the postage.

Persons who desire at any time to receive their Letters or other Postal Packets of any kind in advance of the ordinary delivery, may have them delivered by special messenger on payment of the full Express Fee of 3d a mile as for one packet, and 1d for every 10, or less number, of additional packets beyond the first.

INLAND PARCEL POST.

Parcels not exceeding 11 lbs. in weight, 3 ft. 6 in. in length, or 6 ft. in length and girth combined, are received at any Post Office for transmission between places in the United Kingdom. The rates of postage are:—

Not exceeding 1 lb. in weight,	3d	Exc. 5 lbs. and not exc. 6 lbs.,	8d
Exc. 1 lb. and not exc. 2 lbs.,	4d	6 lbs. "	7 lbs., 9d
" 2 lbs. "	3 lbs., 5d	" 7 lbs. "	8 lbs., 10d
" 3 lbs. "	4 lbs., 6d	" 8 lbs. "	9 lbs., 11d
" 4 lbs. "	5 lbs., 7d	" 10 lbs. "	11 lbs., 1s

Postage stamps to the required amount must be affixed by the sender, and parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. A certificate of posting may be had on application.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless well packed. Live bees are allowed to pass by letter or Parcel Post, if sent in suitable cases, so packed as to avoid all risk of injury.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a Post Office "to be called for," are liable to a demurrage charge at the rate of 1d a day. No demurrage is charged on parcels addressed to persons outside the limits of free delivery, or to persons on board ship.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

Compensation for the Loss or Damage of Inland Parcels.

If a parcel is not registered, the Postmaster-General will accept liability up to £2, without payment of any fee beyond the postage, provided that—(1) the parcel is posted in the manner prescribed for the posting of parcels, and the postage prepaid; (2) a certificate of posting is obtained from the officer receiving the parcel; (3) the contents of the parcel are securely packed.

No compensation (either for loss or damage) will be given in respect of a parcel containing (1) anything which may not be sent by Inland Parcel Post; (2) money; (3) a watch or jewellery, unless registered.

No compensation will be given in respect of damage to a parcel containing eggs, soft fruit, liquids, or any exceptionally fragile or perishable articles; but, in all such cases, compensation will be given in respect of the loss of the parcel, or of any article contained therein.

The fee for registering any Inland postal packet (parcels included) is twopence, and this registration fee and the postage must be prepaid.

INLAND REGISTRATION.

The Postmaster-General will (subject to certain rules) give compensation up to a limit of £5 for the loss and damage of any Inland Registered Packets upon which this fee has been paid in addition to the postage; and he will grant compensation beyond £5 and up to a limit of £120 upon prepayment of a fee in addition to the postage and the ordinary registration fee. The scale of fees and the respective limits of compensation are as follows:—

Fee	2d,	Compensation	£5.	Fee	9d,	Compensation	£70.
„	3d,	„	£10.	„	10d,	„	£80.
„	4d,	„	£20.	„	11d,	„	£90.
„	5d,	„	£30.	„	1/-,	„	£100.
„	6d,	„	£40.	„	1/1,	„	£110.
„	7d,	„	£50.	„	1/2,	„	£120.
„	8d,	„	£60.				

Every article presented for registration must be enclosed in a strong cover, securely fastened. It must be given to an Agent of the Post Office, and a receipt obtained for it. If, contrary to this rule, an article marked “Registered” be dropped into a letter-box, it will be liable to a registration fee of 4d (less any amount prepaid for registration).

Every article presented for registration should be marked “Registered,” and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus—“Registered 2d,” or “Registered 3d.”

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 4d, in addition to the ordinary postage. Letters containing Postal Orders in which the name of the payee has not been inserted, uncrossed cheques, dividend warrants, bank notes, postage stamps to the value of more than a shilling, and any other article of a value exceeding one shilling, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 2d. Like treatment is applied to parcels containing articles of considerable value, and to letters containing any article of a value exceeding one shilling.

The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 2d in addition to the postage and registration fee.

The registered Parcel Post is also available for watches and jewellery. Money may also be sent in a registered parcel, but no compensation will be given in respect of the loss or damage of such parcel.

RE-DIRECTION.

Letters, book packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office.

Registered letters, &c., when re-directed, must either have the word “registered” erased before being re-posted, or they must be taken back to the Post Office to be dealt with as registered.

A Postmaster is not bound to re-direct letters for a person temporarily leaving home, unless the house be left uninhabited; nor, as a rule, does he re-direct letters addressed to clubs, hotels, boarding-houses, or lodgings.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—For sums not exceeding £1—2d; not exceeding £3—3d; not exceeding £10—4d.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name should also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3d. The usual designation of a firm, as well as the ordinary title of any company or society, is sufficient either as remitter or payee.

If the remitter of an Inland Money Order is desirous of delaying payment for any period not exceeding ten days, he must, at the time of issue, sign his name in the place allotted at the foot of the Money Order, and should inform the Postmaster that he wishes payment to be so deferred.

To guard against fraud the remitter is recommended,—

1st. When he is well known to the payee, to sign the letter enclosing the Order with his initials only.

2nd. When this is not the case, either to make the Order payable ten days after date, or to register the letter enclosing it, or to make the Order payable through a bank by crossing it like an ordinary cheque.

3d. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this precaution is less effective than either of the others.

Money Orders for amounts not exceeding £50 are issued free of charge when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, Excise Duties, or Legacy and Succession Duties.

Money may be transmitted by Telegraph Money Order in the United Kingdom. The commission is:—For sums not exceeding £3—4d; not exceeding £10—6d; and, in addition to the commission, a charge is made at the ordinary inland rate for the Official Telegram authorizing payment at the Office of Payment and for the repetition thereof, the minimum being 9d. Any telegraphic communication which the remitter may wish to despatch to the payee must be paid for at the ordinary inland rate.

Money Orders are issued in the United Kingdom on the following Foreign Countries, British Colonies, &c., at the rates of commission shown below:—

INLAND REVENUE STAMPS, &C.

Inland Revenue Stamps of all kinds, Bill Stamps, Civil Service Fee Stamps, Bankruptcy Stamps, Patent, Design, and Trade Mark Stamps and Forms, Dog, Gun, and Private Brewers' Licenses, may be purchased at the Post Office. For list of Stamp Duties see page 52.

FOREIGN AND COLONIAL LETTERS.

The rate of postage to be prepaid on letters for all Foreign Countries and some British Possessions is $2\frac{1}{2}$ d per half ounce, but there are many British Possessions (see list on page 133) to which the letter rate is 1d per half ounce.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

The addresses of letters for Russia should be very plainly written, and the name of the town and province should also be added in English, French, or German.

FOREIGN AND COLONIAL PRINTED PAPERS AND COMMERCIAL PAPERS.

Articles which may be sent to places abroad under these designations consist of two classes, as follows:—

- (a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal, written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.
- (b) "Printed Papers." The articles which may be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment or card-board, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize. This description includes newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, designs, manuscript for press (when sent with proofs of same), papers impressed for use of the blind, or card-board drawing models stamped in relief, and anything (not being of glass) usually appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission which shall be contained in the same packet. Postage stamps, obliterated or not, and all printed articles constituting the sign of a monetary value, are excluded. The products of the copying press and the typewriter are not admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, and the signature of the sender, his trade or profession, and his address may be added; on printed visiting cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings;

printers' proofs may be corrected in manuscript, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c. ; books, music, photos, and engravings may have a dedication inscribed on them, and the invoice relating to them may be inclosed ; in orders for books printed on cards, the works required or offered may be indicated in manuscript. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted at the Book rate, provided that they are handed in at the counter of Head Post Office, that special attention is called to their nature, and that at least twenty copies precisely identical are posted at the same time.

The rate of postage on Printed Papers and Commercial Papers for all places abroad is $\frac{3}{4}$ d per 2 oz. For Commercial Papers the lowest charge is $2\frac{1}{2}$ d, for which sum, however, a weight of 10 oz. may be sent. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

Commercial Papers and Printed Papers may be posted either without a cover (in which case they must not be fastened by gum or otherwise), or in an envelope left unfastened, or in a cover open at both ends. The packet may, however, be tied at the ends with string.

To secure the return of packets which cannot be delivered, the name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by 1 foot in width or depth ; but to Foreign Countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are 5 lbs. for British Colonies or Possessions, and for non-Union countries or colonies ; and 4 lbs. for Foreign Countries in the Postal Union.

All Books and printed matter imported into the United States through the Post, however small the values, are subject to a duty of 25 per cent. of that value. The following articles are still exempt from Custom duties:—1. Newspapers and periodicals already exempt from duty ; 2. Photographs and printed papers, other than Books, received in the United States in such small quantities as to suggest that they are intended for personal use and not for sale ; 3. Books which have been printed more than twenty years, publications devoted to original scientific research, or printed for private circulation, and works printed exclusively in any other than the English language.

Bound books addressed to Portugal are subject to Customs Duty. The wrapper should bear an indication of the nature of the contents, and also the words "A soumettre à la douane," otherwise the books will be liable to a fine.

FOREIGN AND COLONIAL PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally ; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, cannot be forwarded as patterns.

No article liable to Custom Duties can be sent as a sample or pattern.

The rate of postage is $\frac{3}{4}$ d per 2 oz., except that the lowest charge is 1d, for which sum, however, a weight of 4 oz. may be sent.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended,

the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

Samples of saleable value must not be sent to any foreign country, or to any of the British possessions which are comprised in the Postal Union.

Liquids, glass, greasy substances, colouring powders, and live bees may be sent only to some foreign countries when they conform to special conditions as to packing, &c.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in the Postal Union the limit is 12 oz.

The limit of size for British Colonies or Possessions or for non-Union countries is 2 feet in length by 1 foot in width or depth; and for foreign places in the Postal Union 12 inches in length, 8 inches in width, or 4 inches in depth; unless it be in the form of a roll, in which case the limit of size is 12 inches in length and 6 inches in diameter.

Single and Reply Official Post Cards are transmissible to all parts of the world—Single Cards, 1d each; Reply Cards, 2d each. (Inland Post Cards are transmissible abroad if the additional postage required is supplied by postage stamps being affixed.) Engravings or advertisements may appear on the front of a Post Card, if they do not interfere with the clear indication of the address, in addition to the name and address of the recipient in writing or on a gummed label not exceeding in size 2 inches by $\frac{3}{4}$ in., and the name and address of the sender indicated in writing, or by means of a stamp, or any typographical process.

Private Post Cards bearing adhesive stamps of the value of one penny, and private reply cards with adhesive stamps of the value of one penny on each half, may be sent as post cards to places abroad, provided that they are in conformity with the official post cards. They must be of the same size and substance as the official cards, and must have the words "Post Card" printed on the address side. The reply halves of private double cards must bear in print the words "Post Card—Great Britain and Ireland" and "Reply." Plain cards without any printed inscription cannot be sent abroad as single or reply Post Cards.

Each parcel must be plainly directed, and should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post

Office—an accurate statement of the contents and value, the date of posting, and other particulars. Arrangements have been made with many Foreign Countries whereby senders may take upon themselves the payment of the Customs charges if they so desire.

Parcels for Her Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the particular place, to which in each case the parcel is to be forwarded, forms part of the address.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to Australia, British Central Africa, Cape Colony, Natal, South Africa, Fiji, Jamaica, Mauritius, New Zealand, Seychelles, Straits Settlements, and Trinidad. Invoices in open envelopes, giving particulars of the goods contained in the parcel may, however, be enclosed.

Parcels for Ascension, St Helena, South and Central Africa, and uninsured parcels for Aden, Egypt, India, and Zanzibar, must not exceed £50 in value.

Parcels containing coin, watches, jewelry, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

COMPENSATION FOR LOSS OR DAMAGE.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various foreign countries (to amounts not exceeding 12s and 20s) when such loss or damage takes place while the parcels are under his custody; and in the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for.

The telegram forms are of two kinds, the "A 1" form, embossed with a stamp, and the "A" form (given gratis), with no stamp. The "A 1" forms may be purchased singly. They may also be had in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the office door.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a half-penny for each word in the address of the copy.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" (or not enclosed in an envelope), in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven." Certain exceptional names, such as O'Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix "St," as St Pancras; but double names of persons, like Smith-Payne, are counted as two words.

Abbreviations of words, "can't," "won't," "don't," are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus "1st" counts as one word, "1432nd" as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each.

Anyone may have an abbreviated address registered on payment of a guinea a year, but the registration of abbreviated addresses is not recommended.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months.

Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

FOREIGN TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into: (1) preconcerted language or code, (2) cypher.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than ten letters are not allowed. In Code telegrams only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, but words of any or all of these languages will be allowed in the same telegram.

Cypher telegrams are those containing groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting trade marks are allowed in the midst of plain or preconcerted language and are then charged for as figures.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office, county, province, and country of destination in the addresses of telegrams are each charged for as one word whatever their length.

Every separate letter or figure is charged for as one word. Figures in groups or letters (denoting commercial marks) in groups are counted at the rate of five to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

If the sender desires to prepay a reply of 10 words he must insert before the address of the receiver "R P," which is charged for as one word; but if he desires a reply of more or less than 10 words, he must insert "R P—", which is also charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply. More than 30 words cannot be prepaid.

“Flax, Tow, & Jute Spinning.”

By PETER SHARP.

OPINIONS OF THE PRESS.

“Mr Peter Sharp’s work . . . cannot fail to commend itself to those interested in the spinning ‘end’ of our staple industry.”—*Northern Whig*.

“That we have not had a first-rate handbook on flax and jute spinning long ago is because few men possess all the requisites necessary for writing such a book. The long-felt want has now been supplied. . . . By the publication of such a work the author has conferred a boon on all engaged in the spinning trade, and we cordially recommend it to them and to the public.”—*Courier and Argus*.

“This book is worthy of a place in the library of every foreman, mechanic, overseer, manager, and machine maker interested in the jute and flax trade; . . . is rich with information, the results of practice and observation.”—*Dundee Advertiser*.

“Mr Sharp’s book will be valued by all practical spinners. . . . No better reading could be had for a young mechanic. It is replete not only with facts, but is suggestive, and being the work of a practical flax spinner, it is not full of laboured theories, but of proved and indeed of approved methods.”—*People’s Journal*.

“The author has evidently given much attention to the subjects he deals with; while a knowledge of his rules, calculations, and tables, which are of an exhaustive character, cannot fail to be of advantage to all managers, overseers, foremen, and mechanics connected with the spinning industry.”—*Evening Telegraph*.

“Such a volume as the present is a valuable contribution to that literature of technical education, the deficiencies of which have been so frequently commented on in recent years.”—*Aberdeen Journal*.

“Artisans engaged in the trade to which it refers will find ‘Flax, Tow, and Jute Spinning’ a very valuable handbook, and one that in all probability they have long wished for.”—*Leeds Mercury*.

“The book is a thoroughly practical and reliable one, giving rules, tables, and calculations that are sure to be of great value to all engaged in these branches of industry.”—*Englishman, Calcutta*.

“Flax, tow, and jute manufacturers and managers, and foremen in these different establishments, will find it a useful book of reference.”—*Textile Manufacturer*.

THE QUALITY
OF ALL.

LOWDEN'S PATENT.

OUR improvements are connected with the flyers, the object being to construct these in a simple and economical manner, and in a way which will permit of the socket being easily removed.

The advantages of such a detachable arrangement are:—

It may be made of steel and hardened, and it can be easily renewed without destroying the legs and the body of the flyer, and it is also in one piece.

THOMSON'S PATENT.

THIS invention relates to an improved method of lubricating and retaining the oil in the bearings of upright spindles, such as the upright spindles of flax and other spinning frames, and has for its object to save labour and oil, and at the same time provide an efficient lubricating bearing.

The improved spiral arrangement may be applied to plain bearings as well as to conical bearings.

By the employment of this you will find that oiling once a day is all that is required, instead of three times a day with the ordinary spindle bearings at present in use, owing to the arrangements being such that when the spindle is revolved the oil is forced up the spiral groove by centrifugal force, and on the spindle being at rest the oil is retained in the well and so prevented from being lost, as also from dirtying the other parts of the machine.

LUCAS'S PATENTS—*Continued.*

TESTIMONIAL.

LESLIE, FIFESHIRE,
4TH JANUARY 1899.

Messrs EDWARD LUCAS & SON,
Dronfield Foundry, nr. SHEFFIELD.

DEAR SIRs,

We have much pleasure in testifying to the worth of "Thomson's Patent Spindles" supplied to us by your firm in the end of 1895. They have given us entire satisfaction in the working, and we estimate the saving in oil and labour to be fully 50 per cent. as compared with what we used on your ordinary spindles formerly.

We are, yours truly,

WM. LIVINGSTON & SONS.

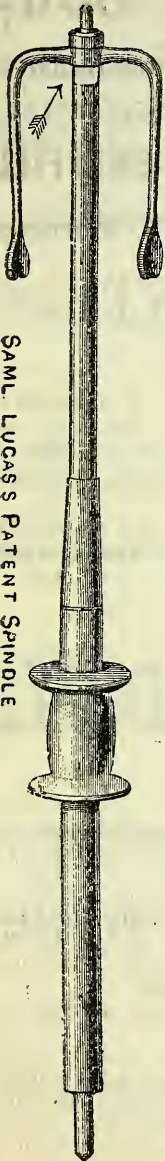

SAML. LUCAS'S PATENT SPINDLE

HAS a collar hardened and fixed under the screw, which can be replaced; and spindles worked down at the shoulder can have this patent collar put on at a small cost. The advantage of this collar is that it prevents the shoulder at bottom of screw becoming untrue by the flyer coming down on shoulder when working, the collar being equal in temper to the flyer. Many thousands of these patent spindles are now running, and are much approved. Also with steel tempered blades.

Over 50,000 running satisfactorily,
and repeat orders coming
continually.

This patent can be combined with
Thomson's Patent Spindle
(with oil groove).

WE SHOULD BE PLEASED TO
SEND YOU SAMPLES.

The Local Government Journal.—"A Progressive Assurance Office, and it is *impossible for Intending Insurers to find a better.*"

APPLICATION FOR AGENCIES INVITED.

THE

Dundee Burial Society

Was established on 20th March 1862, for the purpose of enabling working people, by means of small weekly payments, to insure sums at death (according to age and premiums paid when joining). There were on the Register at the end of the year 1898, **15,000** members, and the Society financially was never on a sounder basis, having the large sum of **£6,493 12s 8d** invested with the National Debt Commissioners, and a further sum of **£5,000** invested with the Dundee Police Commissioners, also **£4,547 8s 10d** in the Dundee Savings Bank, thus making the Society worth over **£16,000**, and if we had retained the **£8,000** paid over in hard cash to members entitled to the Bonuses, the Society would have had cash to the amount of **£24,000** laid past. These Bonuses have helped our members greatly, and have not touched the stability of the Society. There are also one or two benefits which it will be well to bring under the notice of our members, as follows:—

1. The Society being Registered, members are entitled to extracts of deaths at a cheaper rate than unregistered societies.

2. Members can reside in any part of the world without paying any extra premium. The premiums can be sent quarterly, six monthly, or yearly, as may be agreed upon.

3. Members who have been sixteen years in the Society, and are unable to continue paying, *the Society* will pay their premiums for them, and deduct the amount at death without interest.

4. It is eminently a Dundee Society, its head-quarters are in the City. A statement is issued annually, and a Meeting held in February each year, at which all members are invited to take part in the proceedings, and carefully go over the income and expenditure. Any one in good health residing in Dundee can become a member. There are eight collectors (names and addresses on other side), who will be glad to call on any one wishing to join.

Winner of National Association Prize and Certificate, 1893; City and Guilds of London Medal, 1894 (*Highest possible in Britain*); Salter's Company of London Prize, 1894, in Bread-Making Science.

PURITY AND EXCELLENCE.

Mr Forwell can guarantee that all ingredients, flour, &c., are of the **PUREST** and **FINEST** quality, as these are personally analysed, examined, and selected in Laboratory adjoining the Factory.

Speaking of these Biscuits, *The Mercantile Age*, April 26, 1885, says:—

“They contain all the elements of nutrition, and are so easy to digest that they favour the proper action of all the vital organs. These being facts, there is no wonder if we say ‘Eat Biscuits,’ and we recommend Mr Forwell’s CABIN or *ABERNETHY Biscuits as the most valuable, for there is no fermentation or chemicals employed in their manufacture, . . . they are absolutely pure, and should be universally known. . . . We left this factory convinced that persons using Biscuits should try those made by Mr Forwell, otherwise they will never know how perfectly Biscuits can be made.”

*The above Half-Penny Abernethy is now protected by Registration at the Government Patent Office, London.
